AWARD OF THE MEDAL OF HONOR

By direction of the President, under the act of Congress approved 9 July 1918 (WD Bul. 43, 1918), the Medal of Honor for conspicuous gallantry and intrepidity at the risk of life above and beyond the call of duty is awarded posthumously by the Department of the Army in the name of the Congress to the following-named enlisted man:

Private First Class *David M. Smith* (Service No. RA15423203), Infantry, United States Army, a member of Company E, 9th Infantry Regiment, 2d Infantry Division, distinguished himself by conspicuous gallantry and outstanding courage above and beyond the call of duty in action near Yongsan, Korea, on 1 September 1950. Private *Smith* was a gunner in the mortar section of Company E, emplaced in rugged mountainous terrain and under attack by a numerically superior hostile force. Bitter fighting ensued and the enemy overran forward elements, infiltrated the perimeter, and rendered friendly positions untenable. The mortar section was ordered to withdraw, but the enemy had encircled and closed in on the position. Observing a grenade lobbed at his emplacement, Private *Smith* shouted a warning to his comrades and, fully aware of the odds against him, flung himself upon it and smothered the explosion with his body. Although mortally wounded in this display of valor, his intrepid act saved five men from death or serious injury. Private *Smith's* inspirational conduct and supreme sacrifice reflect lasting glory on himself and are in keeping with the noble traditions of the Infantry and the United States Army.

This general order will be read to all troops and will be posted conspicuously on the bulletin boards in each unit area.

[AG 210.2 (28 Aug 52)]

BY ORDER OF THE SECRETARY OF THE ARMY:

OFFICIAL:

WM. E. BERGIN
Major General, USA
The Adjutant General

J. LAWTON COLLINS
Chief of Staff, United States Army

AWARD OF THE MEDAL OF HONOR

By direction of the President, under the act of Congress approved 9 July 1918 (WD Bul. 43, 1918), the Medal of Honor for conspicuous gallantry and intrepidity at the risk of life above and beyond the call of duty is awarded posthumously by the Department of the Army in the name of the Congress to the following-named enlisted man:

Sergeant *LeRoy A. Mendonca* (Service No. RA10104748), Infantry, United States Army, a member of Company B, 7th Infantry Regiment, 3d Infantry Division, distinguished himself by conspicuous gallantry above and beyond the call of duty in action against the enemy near Chich-on, Korea, on 4 July 1951. After his platoon, in an exhaustive fight, had captured Hill 586, the newly won positions were assaulted during the night by a numerically superior enemy force. When the 1st Platoon positions were outflanked and under great pressure, and the platoon was ordered to withdraw to a secondary line of defense, Sergeant *Mendonca* voluntarily remained in an exposed position and covered the platoon's withdrawal. Although under murderous enemy fire, Sergeant *Mendonca* fired his weapon and hurled grenades at the onrushing enemy until his supply of ammunition was exhausted. Sergeant *Mendonca* fought on clubbing with his rifle and using his bayonet, until he was mortally wounded. After the action, it was estimated that Sergeant *Mendonca* had accounted for 37 enemy casualties. Sergeant *Mendonca's* daring actions stalled the crushing assault, protecting the platoon's withdrawal to secondary positions, and enabling the entire unit to repel the enemy attack and retain possession of the vital hilltop position. Sergeant *Mendonca's* extraordinary gallantry and exemplary valor are in keeping with the highest traditions of the United States Army.

This general order will be read to all troops and will be posted conspicuously on the bulletin boards in each unit area.

DEPARTMENT OF THE ARMY
WASHINGTON 25, D. C., 5 September 1952

AWARD OF THE MEDAL OF HONOR

By direction of the President, under the act of Congress approved 9 July 1918 (WD Bul. 43, 1918), the Medal of Honor for conspicuous gallantry and intrepidity at the risk of life above and beyond the call of duty is awarded posthumously by the Department of the Army in the name of the Congress to the following-named enlisted man:

Sergeant First Class *Tony K. Burris* (Service No. RA18313674), Infantry, United States Army, a member of Company L, 38th Infantry Regiment, 2d Infantry Division, distinguished himself by conspicuous gallantry and outstanding courage above and beyond the call of duty in the vicinity of Mundung-ni, Korea, on 8 and 9 October 1951. On 8 October, when his company encountered intense fire from an entrenched hostile force, Sergeant *Burris* charged forward alone, throwing grenades into the position, and destroying approximately 15 of the enemy. On the following day, spearheading a renewed assault on enemy positions on the next ridge, Sergeant First Class *Burris* was wounded by machine gun fire, but continued the assault, reaching the crest of the ridge ahead of his unit, and sustaining a second wound. Calling for a 57mm recoilless rifle team, Sergeant First Class *Burris* deliberately exposed himself to draw hostile fire and reveal the enemy position. The enemy machine gun emplacement was destroyed. The company then moved forward and prepared to assault other positions on the ridge line. Sergeant *Burris*, refusing evacuation and submitting only to emergency treatment, joined the unit in its renewed attack, but fire from hostile emplacements halted the advance. Sergeant *Burris* rose to his feet, charged forward and destroyed the first emplacement with its heavy machine gun and crew of six men. Moving out to the next emplacement, and throwing his last grenade which destroyed this position, Sergeant First Class *Burris* fell mortally wounded by enemy fire. Inspired by his consummate gallantry, his comrades renewed a spirited assault which overran enemy positions and secured Hill 605, a strategic position in the battle for "Heartbreak Ridge." Sergeant *Burris*' indomitable fighting spirit, outstanding heroism, and gallant self-sacrifice reflect the highest glory upon himself, the Infantry, and the United States Army.

This general order will be read to all troops and will be posted conspicuously on the bulletin boards in each unit area.

REPUBLIC OF KOREA PRESIDENTIAL UNIT CITATION.—The *Republic of Korea Presidential Unit Citation* which was awarded by the Republic of Korea to the following units of the United States Army is confirmed in accordance with AR 220-315:

<i>Units</i>	<i>Citation</i>
<p>The Psychological Warfare Section, General Headquarters, Far East Command Psychological Warfare Division, G-3 Section, Headquarters, Eighth Army First Loudspeaker and Leaflet Company, Eighth Army First Radio Broadcasting and Leaflet Group</p>	<p>REPUBLIC OF KOREA PRESIDENTIAL UNIT CITATION awarded by citation dated 18 May 1952, by Syngman Rhee, President of the Republic of Korea, for outstanding and superior performance of duty during the period 28 June 1950 to 28 April 1952, inclusive, with citation as follows: Since 28 June 1950, when the first leaflet was prepared and dropped over enemy troops, and the following evening when radio broadcasts were begun to the enemy, the personnel of Psychological Warfare have carried out an effective campaign against the enemy. The various operational units of the Psychological Warfare program have, by careful coordination of their efforts and intensive operations, contributed to the cause of peace and the ideals and goals of the Korean people. Psychological Warfare personnel worked out and implemented plans for the complete rehabilitation of the Korean Broadcasting System with additional and more powerful equipment. They aided materially in the procurement and shipment to Korea of thousands of tons of radio equipment until at the present time our broadcasting system has been again restored to its former prominence and its facilities are undergoing constant improvement.</p>

Over one billion leaflets have been prepared and dropped over enemy troops and civilians in north Korea, contributing greatly to the weakening of morale of enemy soldiers and to the improvement of morale of loyal citizens of the Republic of Korea.

Also, loudspeaker teams have been active in carrying out their missions which, despite the hazards of front-line operations, have been highly effective in persuading the enemy troops to desert their units for the safety and protection of friendly forces.

The successes of these psychological warfare operations reflect the highest credit upon the members of the various units, the United States Army, and the United Nations.

 DISTINGUISHED UNIT CITATION—Corrections in general orders..... II

I. MERITORIOUS UNIT COMMENDATION.—By direction of the Secretary of the Army, under AR 220-315, the Meritorious Unit Commendation is awarded to the following units of the United States Army for exceptionally meritorious conduct in the performance of outstanding service during the periods indicated. The citations read as follows:

1. The *3d Infantry Division Band* is cited for exceptionally meritorious conduct in the performance of exceptionally difficult tasks in support of combat operations in Korea during the period 10 November 1951 to 10 May 1952. Despite the most adverse field conditions and the difficulties engendered by a continuous turn-over in personnel, this unit consistently carried out its many exacting assignments in such a superior manner as to warrant the highest possible praise from all those cognizant of its fine work. In addition to providing music for the entertainment and ceremonies of many United Nations units, the personnel of the band were called upon to perform extra missions far out of relation to their normal duties. Such specialized tasks as acting as divisional security guards, assisting in the expeditious movement of supplies and equipment, establishing and maintaining bivouac areas, and directing labor details were accomplished with singular skill by the members of this unit, thus contributing significantly to the over-all success achieved by the division in accomplishing its vital mission while, at the same time, effectively maintaining the high morale of its members by furnishing frequent entertainment of a musical nature. The *3d Infantry Division Band* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The tireless effort, outstanding proficiency, and esprit de corps exhibited by the members of this unit reflect great credit on themselves and the military service of the United States. (*General Orders 360, Headquarters, Eighth United States Army, Korea, 9 July 1952.*)

2. The *17th Ordnance Medium Maintenance Company* (2d award) is cited for exceptionally meritorious conduct in the performance of exceptionally difficult tasks in support of combat operations in Korea during the period 1 July 1951 to 5 March 1952. Despite the most adverse conditions, the members of this company efficiently maintained vast quantities of ordnance equipment, at all times extending direct support to forward infantry, artillery, armor, and engineer units by sending skilled maintenance teams to the battle areas. In this manner, repairs and replacements were accomplished with a minimum of delay, thus increasing the combat effectiveness of the units served. Men from this company frequently worked with forward tank units and assisted in removing damaged equipment from the battlefield, often under direct enemy small-arms and mortar fire. Disregarding the hazardous nature of many of their tasks, the personnel of this company consistently carried out their vital mission in a manner which elicited the highest possible praise from all those cognizant of their fine work and earned for themselves a reputation of uncompromising excellence, which is unsurpassed and worthy of emulation in all future campaigns. The *17th Ordnance Medium Maintenance Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The outstanding technical proficiency, ingenious adaptation of existing facilities, and esprit de corps exhibited by the personnel of this company reflect great credit on themselves and the military service of the United States. (*General Orders 418, Headquarters, Eighth United States Army, Korea, 3 August 1952.*)

The *19th Military Police Criminal Investigation Detachment* (2d award) is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 July 1951 to 30 April 1952. While performing its mission of investigation and prevention of crime within the Eighth United States Army zone of responsibility, this unit repeatedly conducted investigations which took its personnel into forward areas where they were frequently subjected to enemy action. The members of

this detachment conducted and completed a total of 310 investigations, though the unit operated for many months with less than two-thirds of its authorized strength, and had the responsibility of serving five of the seven American combat divisions in Korea and, in addition, all their attached service units. The individual members of this unit, working with all levels of command, constantly displayed a degree of initiative and sound judgment which earned them the profound respect and admiration of all those having knowledge of their fine work. The high degree of personal effectiveness maintained by each member of this detachment, often under the most adverse conditions, is unsurpassed and worthy of the closest emulation in future campaigns. The *19th Military Police Criminal Investigation Detachment* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The superb technical skill and unstinting endeavor of the members of this detachment reflect great credit on themselves and the military service of the United States. (*General Orders 392, Headquarters, Eighth United States Army, Korea, 22 July 1952.*)

4. The *21st Chemical Decontamination Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 January to 30 June 1952. The primary mission of this company was decontamination and its members, through their diligence and matchless technical proficiency, consistently carried out their exacting tasks in a manner which elicited the highest possible praise from all those cognizant of their fine work. In addition, numerous tests of experimental equipment were made with great efficiency, shower facilities were provided for hundreds of thousands of United Nations personnel, vast quantities of napalm were supplied, thousands of flame throwers were serviced, and similar quantities of land mines were made available to combat units. Despite the rapid turnover in this unit's personnel and the frequent forward displacements made by the company, its high standard of excellence did not vary. The performance of its vital mission was such as to be worthy of the closest emulation in all future campaigns. The *21st Chemical Decontamination Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units having similar missions. The unsurpassed ability, singleness of purpose, and esprit de corps exhibited by the members of this company reflect great credit on themselves and the military service of the United States. (*General Orders 418, Headquarters, Eighth United States Army, Korea, 3 August 1952.*)

5. The *45th Military Police Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 18 December 1951 to 17 June 1952. From the time of its commitment with the 45th Infantry Division, this company performed a wide variety of difficult missions in an exemplary manner. During the winter months, movement of traffic to and from the front lines was seriously hampered by extremely adverse weather conditions. However, by constant liaison with front-line units and by the extensive use of traffic control points, transportation facilities were utilized to a maximum degree, thus materially increasing the effectiveness of the division's combat troops. Despite rotation losses among key personnel, this company constantly maintained its high standard of efficiency, approaching each problem as it arose with enthusiasm and self-assurance and resolving it with promptness and precision. Consistently adhering to a policy of service, courtesy, and helpfulness, this company established an enviable reputation among units within the division. The *45th Military Police Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units having similar missions. The great skill, esprit de corps, and unstinting devotion to duty exhibited by the personnel of this company reflect great credit on themselves and the military service of the United States. (*General Orders 464, Headquarters, Eighth United States Army, Korea, 16 August 1952.*)

6. The *56th Army Band* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 23 July 1950 to 29 February 1952. Upon its arrival in Korea, this unit was assigned the exacting mission of providing music for troop ships,

ceremonies, parades, concerts, and other entertainments for troops and hospitals located in the Pusan area. When called upon, the members of the band enlarged the scope of their operations to include nearby installations of the United States air and naval forces and troops of all other nations represented in the Korean theater of operations. This unit also traveled to outlying islands to participate in ceremonies and to entertain troops stationed thereon. Throughout this entire period, the personnel of the *56th Army Band* performed at least twice each day and often more frequently because they served a command several times the size for which their unit was originally intended. The *56th Army Band* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The outstanding skill, esprit de corps, and tireless devotion to duty exhibited by the members of this organization reflect great credit on themselves and the military service of the United States. (*General Orders 464, Headquarters, Eighth United States Army, Korea, 16 August 1952.*)

7. *Headquarters and Headquarters Company, 69th Transportation Truck Battalion*, is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 October 1951 to 30 April 1952. The members of this company, through diligence and superb technical skill, constantly maintained a high standard of excellence which evoked the praise of all those having knowledge of their fine work and is worthy of emulation in all future campaigns. Although its facilities were constantly overtaxed because of the unprecedented magnitude of its assigned mission, this company earned an enviable reputation for promptness and precision and contributed immeasurably to the success achieved by the United Nations Command in its campaign against aggression in Korea. *Headquarters and Headquarters Company, 69th Transportation Truck Battalion*, displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The diligence, resourcefulness, and matchless technical proficiency exhibited by the members of this company reflect great credit on themselves and the military service of the United States. (*General Orders 392, Headquarters, Eighth United States Army, Korea, 22 July 1952.*)

8. *Team A, 313th Engineer Utilities Detachment*, is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 15 March 1951 to 31 May 1952. Upon its arrival in Korea, this team was assigned the exacting mission of operating and maintaining the various utilities used by Headquarters I Corps. Because of the fluid tactical situation, it was frequently necessary for the corps headquarters to move from one site while, at the same time, installing new facilities at the selected command post. In addition, duties such as road construction and maintenance, construction of new buildings, rehabilitation of damaged buildings, fire protection, and the installation and maintenance of all utilities were consistently carried out with great efficiency despite the small size of this unit. Although the task assigned to them ordinarily would have been carried out by a much larger organization, the members of this team approached every task with the utmost self-assurance and carried it to completion with such effectiveness as to elicit the highest possible praise from all those cognizant of their fine work. Hampered by the loss of key personnel through the rotation and phase-out programs, this team nevertheless operated at peak efficiency throughout this period and set a standard of excellence which is worthy of emulation in all future campaigns. *Team A, 313th Engineer Utilities Detachment*, displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The technical proficiency, singleness of purpose, and esprit de corps exhibited by the members of this team reflect great credit on themselves and the military service of the United States. (*General Orders 392, Headquarters, Eighth United States Army, Korea, 22 July 1952.*)

9. The *425th Transportation Traffic Regulation Group* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 15 January 1951 to 15 June 1952. Upon its arrival in Korea, this unit immediately set about to accomplish its

task of regulating and coordinating all air, rail, highway, and inland waterway traffic with self-assurance and admirable determination. Although confronted by countless obstacles, the members of this group consistently carried out their assignments with singular efficiency. In addition to regulating the flow of trucks in logistical support of the entire United Nations Command highway teams of the unit were charged with supervising the large-scale redeployment of divisional troops in the combat area. As a result of the skill with which harbor movement control work at the port of Pusan was accomplished by the group's water teams, port clearance tonnage was more than doubled. The air teams arranged for critically needed emergency airlifts and expedited the heavy air movement of passengers at major airfields throughout Korea. Also, record tonnages of essential supplies and matériel were transported by rail to combat units, thus insuring their continued effectiveness in the battle for peace and freedom in Korea. The *425th Transportation Traffic Regulation Group* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units having similar missions. The technical proficiency, resourcefulness, and uncompromising devotion to duty exhibited by the members of this group reflect great credit on themselves and the military service of the United States. (*General Orders 360, Headquarters, Eighth United States Army, Korea, 9 July 1952.*)

II. DISTINGUISHED UNIT CITATION.—1. So much of paragraph 2, section I, DA General Orders 72, 1951, pertaining to the *2d Infantry Division* and attached units, as reads "*1st and 2d Platoons, 92d Engineer Searchlight Company,*" is amended to read "*92d Engineer Searchlight Company (less 1st Platoon).*"

2. Section I, DA General Orders 79, 1951, pertaining to the *1st Battalion, 7th Infantry Regiment, 3d Infantry Division*, and attached units, is amended to include the *3d Platoon, Heavy Mortar Company, 7th Infantry Division.* (*General Orders 723, Headquarters, Eighth United States Army, Korea, 25 September 1951.*)

I. DISTINGUISHED-SERVICE CROSS.—By direction of the President, under the act of Congress approved 9 July 1918 (WD Bul. 43, 1918), the Distinguished-Service Cross for extraordinary heroism in action against an enemy during the periods indicated is awarded posthumously to the following-named officer and enlisted men:

Corporal *Charles G. Grice* (Service No. US56070049), Infantry, United States Army, an automatic rifleman with Company B, 7th Infantry Regiment, 3d Infantry Division, distinguished himself by extraordinary heroism in action against the enemy near Kum Choktong, Korea, on 12 December 1951. Corporal *Grice's* platoon was committed to enter enemy lines and return with a prisoner. After effecting the capture, the cries of the prisoner alerted a hostile force which attempted envelopment of the unit. Realizing that encirclement was imminent, Corporal *Grice* immediately placed withering fire on the enemy, slowing the advance and enabling his platoon to successfully withdraw. While the unit was disengaging, he selflessly remained in the rear, firing his weapon and walking backward as he withdrew, impeding the progress of the foe. As hostile troops pressed nearer with fanatical determination, he voluntarily continued to cover the withdrawal. Corporal *Grice* gallantly maintained his stand and poured crippling fire into the ranks of the advancing enemy until he was mortally wounded. Through his courage and inspirational actions, the assault was stemmed and his platoon accomplished its mission with minimum casualties. Corporal *Grice's* supreme sacrifice and devotion to duty reflect the highest credit on himself and uphold the esteemed traditions of the military service.

Master Sergeant *Arthur P. Hanks* (Service No. RA18351123), Infantry, United States Army, a member of Company B, 15th Infantry Regiment, 3d Infantry Division, distinguished himself by extraordinary heroism in action against the enemy near Koyangdae, Korea, on 4 February 1952. While his platoon was counterattacking outpost "Kelly," under heavy enemy small-arms fire, it was ordered to withdraw until friendly supporting fire could be adjusted. When the platoon withdrew, two wounded men were left in a dangerous position. Seeing these wounded men, Sergeant *Hanks* gallantly exposed himself to enemy small-arms fire and numerous grenades. Fearlessly he charged forward firing his carbine until he was mortally wounded by fragments from an enemy grenade. This action facilitated the evacuation of the two wounded men. Sergeant *Hanks's* extraordinary heroism reflects great credit on himself and is in keeping with the highest traditions of the military service.

Private First Class *Billy A. Krowse* (Service No. 33848451), Infantry, Army of the United States, a member of Company G, 311th Infantry Regiment, distinguished himself by extraordinary heroism in connection with military operations against an armed enemy near Honnef, Germany, on 13 March 1945.

Assigned the mission of assaulting and securing commanding terrain known as "Cemetery Hill," his platoon came under intense enemy small-arms, mortar, and artillery fire which inflicted numerous casualties and pinned the unit down. In the initial attack, when the platoon leader and the noncommissioned officers were either killed or wounded, Private *Krowse* assumed command, ably reorganized the remnants of the unit, and issued orders for a continued assault. Observing a hostile machine-gun position holding up further advance, he proceeded alone under fire and succeeded in personally eliminating the enemy position. While clearing the area around the gun position, he was killed by a hidden enemy rifleman, but his indomitable courage so inspired his comrades that they surged forward and secured the hill. The consummate determination, exemplary leadership, and heroic self-sacrifice clearly displayed by Private *Krowse* reflect the highest credit on himself, the Infantry, and the United States Army.

Sergeant *John R. Ruth* (Service No. ER17227905), Infantry, United States Army, a member of Company L, 23d Infantry Regiment, distinguished himself by extraordinary heroism in operations against the enemy near Inje, Korea, on 27 May 1951. As the leader of one of two squads assigned the mission of securing Hill 592, Sergeant *Ruth* and his squad were approaching the objective when they came under heavy mortar fire which killed two members of his squad. Despite this fire, Sergeant *Ruth* led his men forward. As he and two other members of his squad gained the crest of the hill, they were met by automatic-weapons and grenade fire of an enemy force well entrenched on the reverse slope of the hill. Sergeant *Ruth*, although painfully wounded, rushed toward the enemy firing an automatic rifle as he advanced. When he had fired all his ammunition, he continued to advance, throwing grenades and rocks until he fell mortally wounded. Sergeant *Ruth's* heroic action was chiefly responsible for the subsequent capture of the hill by the remainder of the two squads. After the action, 23 enemy dead were found in the immediate vicinity of Sergeant *Ruth's* advance. Sergeant *Ruth's* indomitable courage and inspiring leadership are in keeping with the finest traditions of the military service.

Second Lieutenant *Theodore R. Woo*, O2202513, Infantry, United States Army, a member of Company E, 5th Cavalry Regiment, 1st Cavalry Division, distinguished himself by extraordinary heroism in action against the enemy near Mago-ri, Korea, on 3 October 1951. Lieutenant *Woo* led his platoon to the company objective under intense mortar and small-arms fire. In the initial assault, he outdistanced his leading elements and knocked out an enemy bunker. Although wounded in the arm, he left the hill, reorganized the platoon, and again led them to the objective. Before he could organize to hold the captured hill, a powerful enemy counterattack struck the position. Lieutenant *Woo* was again wounded, the platoon's ammunition exhausted, and its withdrawal became necessary. While he was courageously directing the withdrawal and the evacuation of the wounded, Lieutenant *Woo* was killed by an enemy mortar shell. Lieutenant *Woo's* heroic action and unhesitating devotion to duty are in keeping with the best traditions of the military service.

II. DISTINGUISHED-SERVICE MEDAL.—1. Sergeant *James D. Nichols* (Service No. RA18281034), Infantry, United States Army, a member of Company B, 1st Battalion, 32d Infantry Regiment, 7th Infantry Division, distinguished himself by gallantry in action in the area of Hill 461 in the vicinity of Ch'u-dong, Korea, on 27 August 1951. When the enemy launched a fanatical attack against Company B, he unhesitatingly moved forward through heavy enemy fire, delivered devastating machine-gun fire on the enemy, and caused approximately 100 casualties. Sergeant *Nichols* again moved forward through a hail of fire to a vantage point 75 yards away from the enemy positions and gave effective supporting fire for his unit as it pressed the attack. Seeing that a friendly patrol was pinned down, he remained behind and covered the withdrawal of the patrol. Sergeant *Nichols'* determination and personal courage reflect great credit on himself and the military service.

IV. SILVER STAR.—By direction of the President, under the act of Congress approved 9 July 1918 (WD Bul. 43, 1918), the Silver Star for gallantry in action on the date indicated is awarded to the following-named enlisted man:

Sergeant *William R. Tomashck* (Service No. US55037758) (then corporal), Infantry, United States Army, a member of Company B, 1st Battalion, 32d Infantry Regiment, 7th Infantry Division, distinguished himself by gallantry in action in the area of Hill 461 in the vicinity of Ch'u-dong, Korea, on 27 August 1951. When the enemy launched a fanatical attack against his company, he

unhesitatingly moved ahead through intense enemy fire and provided effective covering support as his unit made the attack. Sergeant *Tomashak* remained in an advanced position, inflicted heavy casualties upon the enemy, and delayed their action. Realizing the enemy's superior number could overrun the position, he stubbornly resisted the hostile forces with withering machine-gun fire and covered the withdrawal of his comrades until he exhausted his ammunition supply. Sergeant *Tomashak's* courage and devotion to duty reflect great credit on himself and are in keeping with the highest traditions of the military service.

VII. SOLDIER'S MEDAL.—By direction of the President, under the act of Congress approved 2 July 1926 (WD Bul. 8, 1926), the Soldier's Medal for heroism not involving actual conflict with an enemy on the dates indicated is awarded to the following-named officer and enlisted men:

Chaplain (colonel) *John K. Connelly*, O337388, Chaplains, United States Army, distinguished himself by exceptional heroism while a member of the 5th Infantry Division at Indiantown Gap Military Reservation, Indiantown Gap, Pennsylvania, on 14 July 1952. Upon learning that an apparently deranged soldier had climbed to a small platform on the side of a water tower over 100 feet from the ground and was intent upon leaping to his death, Chaplain *Connelly* voluntarily climbed a narrow ladder to a position beside the soldier. While realizing that the mental condition of the soldier was such that he might offer resistance and that the slightest struggle on the narrow platform would result in both falling to their death, Chaplain *Connelly* spent almost 1 hour dissuading the soldier from his suicidal intent and persuading him to descend. During the descent on the narrow, vertical ladder, he preceded the soldier by only three rungs in order to block, by the use of his body, any last-minute jump. Chaplain *Connelly's* utter disregard for safety and his outstanding courage reflect the highest credit on himself and the United States Army.

Private *Nathaniel Dukes* (Service No. RA12263691), Infantry, United States Army, a member of Headquarters and Headquarters Company, 505th Airborne Infantry Regiment, 82d Airborne Division, distinguished himself by heroism at Fort Bragg, North Carolina, on 10 July 1952. While participating in a parachute drop, under assumed combat conditions, he noticed a falling fellow soldier whose parachute had collapsed. With complete disregard for his safety and no thought of danger involved, he grasped the suspension lines of the collapsed parachute as his falling comrade passed and clung to it tenaciously. The reserve parachute worn by the falling parachutists also failed to open. The two men then rode to earth supported by the parachute worn by Private *Dukes*. Through quick thinking and fast action on the part of Private *Dukes*, his falling comrade was saved from almost certain death. The heroism of Private *Dukes* reflects distinct credit on himself and the military service.

Private *Robert M. Hall* (Service No. US52210386), Infantry, United States Army, a member of Company A, 2d Infantry Regiment, distinguished himself by heroism, on 17 June 1952, at Indiantown Gap Military Reservation, Indiantown Gap, Pennsylvania. Private *Hall* was acting as safety man on the grenade range when another soldier dropped an activated hand grenade. Personnel in the immediate vicinity of the impending explosion, including Private *Hall*, dashed to take cover. Then, realizing the grave danger that threatened, Private *Hall*, with rare courage, returned to the grenade pit, picked up the grenade, and threw it down range away from the endangered personnel, thus saving his comrades from death or serious injury. Despite Private *Hall's* heroic action, four men including himself were slightly wounded when the grenade exploded. Private *Hall's* presence of mind and intrepid action are in keeping with the best traditions of the Infantry and the military service.

VIII. BRONZE STAR MEDAL.—By direction of the President, under Executive Order 9419, 4 February 1944 (sec. II, WD Bul. 3, 1944), the Bronze Star Medal for meritorious service in connection with military operations against an enemy of the United States during the period indicated is awarded posthumously to the following-named enlisted man:

Technical Sergeant *Joseph Mussler* (Service No. 12188294) (then technician fourth grade), Signal Corps, Army of the United States. 3 March to 31 May 1943.

IX. BRONZE STAR MEDAL.—By direction of the President, under Executive Order 9419, 4 February 1944 (sec. II, WD Bul. 3, 1944), the Bronze Star Medal for meritorious service in connection with military operations against an enemy of the United States during the periods indicated is awarded to the following-named officers:

Major *Borge Dreyer*, Danish Red Cross. 10 March to 12 July 1951.

Captain *Rasmus Movin*, Danish Red Cross. 10 March to 12 July 1951.

MERITORIOUS UNIT COMMENDATION.—By direction of the Secretary of the Army, under AR 220-315, the Meritorious Unit Commendation is awarded to the following units of the United States Army for exceptionally meritorious conduct in the performance of outstanding service during the period indicated. The citations read as follows:

1. The *Eighth United States Army Flight Detachment* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 22 March 1951 to 1 August 1952. Responsible for furnishing general observation, limited transport, emergency air evacuation, and courier service for Headquarters, Eighth United States Army, Korea, this detachment consistently performed its duties in an exemplary manner, even though the accomplishment of its mission demanded tireless effort and a high degree of technical skill on the part of the maintenance personnel, meticulous planning and coordination by administrative and operations personnel, and frequently operation under extremely adverse and hazardous conditions. The safety record of this organization is outstanding and the skillful manner in which the myriad problems facing it were resolved by its personnel is deserving of the highest praise. Although the mission assigned to the members of the detachment was primarily administrative, they were often called upon to accomplish liaison with units operating in extreme forward areas which normally were considered to be inaccessible to the low performance aircraft assigned to their unit. These missions were, in all cases, undertaken without hesitancy and with the utmost self-assurance and were accomplished with consummate skill. The *Eighth United States Army Flight Detachment* displayed such outstanding devotion to duty in the performance of its exceptionally difficult tasks as to set it apart and above other units with similar missions. The outstanding ability, esprit de corps, and tireless devotion to duty exhibited by the members of this detachment reflect great credit on themselves and the military service of the United States. (*General Orders 465, Headquarters, Eighth United States Army, Korea, 16 August 1952.*)

2. The *10th Special Services Company* (2d award) is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 November 1951 to 31 July 1952. Charged with the unique mission of providing entertainment for the United Nations forces in Korea, this company traveled thousands of miles and performed before a total audience of more than three-quarters of a million troops. Often working under the most adverse conditions, on improvised outdoor stages without adequate equipment, the members of this company, displaying ingenuity, resourcefulness, and determination of purpose, met an exceptionally difficult schedule without canceling a single performance. In addition, they often gave unscheduled performances for small groups in hospitals and for isolated units with few entertainment facilities. The high standard of excellence maintained by the *10th Special Services Company* and the outstanding ability of its members earned for it the deepest gratitude of all the organizations for which it performed. The entertainment which it provided in the combat theater contributed immeasurably to the continued high morale of United Nations troops in Korea. The resourcefulness, esprit de corps, and tireless devotion to duty displayed by the members of this company reflect great credit on themselves and the military

service. (*General Orders 508, Headquarters, Eighth United States Army, Korea, 2 September 1952.*)

3. The *51st Military Police Criminal Investigation Detachment* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 October 1951 to 1 May 1952. Charged with preventing and investigating crime within the forward elements of the Eighth United States Army, Korea, this detachment had approximately 863 incidents referred to it for investigation during this period. Criminal investigation reports were rendered on 248 criminal incidents. Of the alleged crimes investigated, 62 percent occurred within division boundaries and the agents investigating were forced, in many instances, to perform their tasks under the direct observation of the enemy. Interviews frequently were conducted in line positions under hazardous and difficult conditions. The scenes of the crimes were overrun by the enemy in many cases and the agents were forced to wait until the area was recaptured before conducting their investigation. This difficulty, in conjunction with problems engendered by Korean customs, limited facilities, and the unavailability of witnesses, made the task of this detachment a singularly exacting one, but its members never failed to approach their duties with enthusiasm and self-assurance. The *51st Military Police Criminal Investigation Detachment* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units having similar missions. The outstanding ability, esprit de corps, and tireless devotion to duty exhibited by the members of this detachment reflect great credit on themselves and the military service of the United States. (*General Orders 466, Headquarters, Eighth United States Army, Korea, 16 August 1952.*)

4. The *205th Signal Repair Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 15 September 1950 to 31 March 1952. Assigned the mission of repairing and rehabilitating signal equipment used by combat troops in Korea, this company displayed the utmost resourcefulness, technical skill, and determination of purpose in carrying out its duties in an exemplary manner despite seemingly insurmountable obstacles. Operating understrength and often hampered by an exceedingly fluid tactical situation which necessitated constant movement, the company exercised every available facility to succeed in the accomplishment of its mission. Despite a severe shortage of supplies, the company repaired thousands of pieces of valuable signal equipment which resulted in a saving of millions of dollars to the United States. The decisiveness and the matchless confidence when faced by problems seeming to defy solution displayed by this company earned the highest praise from the units which it served and materially furthered the cause of the United Nations in Korea. The *205th Signal Repair Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The outstanding ability, the ingenious application of available facilities, and the tireless devotion to duty displayed by the members of this company throughout this period reflect great credit on themselves and the military service of the United States. REPUBLIC OF KOREA PRESIDENTIAL UNIT CITATION.—The Republic of Korea Presidential Unit Citation which was awarded by the Republic of Korea to the following units of the United States Army is confirmed in accordance with AR 220-315:

<i>Units</i>	<i>Citation</i>
<p>Headquarters Far East Command Long Lines Signal Group, 8226th Army Unit. Signal Service Company Number 1, Far East Command Long Lines Signal Group, 8226th Army Unit. Signal Service Company Number 2, Far East Command Long Lines Signal Group, 8226th Army Unit. Signal Service Detachment Number 3 (Wire Construction Battalion), Far East Command Long Lines Signal Group, 8226th Army Unit. 518th Signal Radio Relay Company.</p>	<p>REPUBLIC OF KOREA PRESIDENTIAL UNIT CITATION awarded by citation dated 29 July 1952, by Syngman Rhee, President of the Republic of Korea, for exceptionally meritorious service and heroism during the period from July 1950 to 29 July 1952, inclusive, with citation as follows:</p> <p>The Far East Command Long Lines Signal Group, 8226th Army Unit (and its assigned subordinate units) is hereby cited for its tireless farsighted efforts, resourcefulness, and skill in assisting the rehabilitation plans of the Republic of Korea. Under the superior leadership of Colonel Wilbert A. Speir, Colonel Louis J. Tatom, Lieutenant Colonel William E. Frame, and the present Commanding Officer, Colonel Alexander S. Edmonston, it has achieved an enviable record of both military and economic accomplishments. This Group, realizing that communications were vital from both military and economic viewpoints, successfully repaired and placed into operation the vital 10-quad underground Mukden Cable; this project involved 3,570 kilometers of 4-wire circuits. Repairs were made under the most adverse weather and terrain conditions on a round-the-clock basis, and in many cases in areas of intense guerrilla activity. The organization successfully trained 600 Republic of Korea Army recruits and formed them into a composite unit of American and Korean soldiers which installed, and still maintains, 6,400 circuit miles of copper open wire over some of the most difficult terrain in Korea under extremely adverse weather conditions. Despite language barriers, the spirit of mutual respect and admiration has done much to aid the common cause of freedom. Utilizing the services of all personnel available, American and Korean soldiers and civilians, this Group further added to their accomplishments by installing 19,650 circuit miles of aerial and underground cable under extremely adverse conditions. The military and economic need for additional communication facilities prompted the plan-</p>

ning and installation of a two-thousand-line, thirty-position, two-hundred-trunk switchboard in the Pusan area. This installation known as the "Galveston switchboard" has provisions for an additional one thousand lines. Its operation and maintenance utilizes Korean operators. The Signal Group also initiated, planned, and successfully executed a program to recover damaged and inoperative field wire and various types of cable. This project resulted in recovery of over seven hundred miles of this highly valuable material.

Farsighted planning has resulted in a speedy recovery of most of Korea's communications network. The mutual respect, admiration, and comradeship engendered in these projects have furthered the fight against the Communist aggressors and contributed to our mutual understanding.

Through the initiative, skill, and zealous endeavors of all members, the record of achievement of the Far East Command Long Lines Signal Group reflects most favorably upon the United States Army, the military profession, and the cause of the United Nations.

MERITORIOUS UNIT COMMENDATION—Awards	Section
DISTINGUISHED UNIT CITATION—Corrections in general orders	I
	II

I. MERITORIOUS UNIT COMMENDATION.—By direction of the Secretary of the Army, under AR 220-315, the Meritorious Unit Commendation is awarded to the following units of the United States Army for exceptionally meritorious conduct in the performance of outstanding service during the periods indicated. The citations read as follows:

1. The *2d Replacement Company, 2d Infantry Division*, is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 8 August 1950 to 27 May 1952. Despite its remoteness from rail transportation during most of the period, this company performed services of incalculable value in maintaining a steady flow of replacements to combat elements of the division, using organic and transient vehicles. The necessity of adapting its operations to the tactical situation repeatedly tested the ingenuity and the endurance of the men of the company, who consistently responded in a praiseworthy manner. During this period, the *2d Replacement Company, 2d Infantry Division*, processed and dispatched to their assignments 27,010 replacements. Despite the immensity of this task, it was performed with exceptional efficiency. While operating with extraordinary swiftness, the personnel of this company performed their mission without ever sacrificing the principle of adapting the individual capabilities of replacements to the needs of the division. Although beset by serious shortages of equipment, the men of the company worked tirelessly, displaying at all times the spirit of teamwork that enabled them to achieve success. The *2d Replacement Company, 2d Infantry Division*, displayed such outstanding devotion to duty and zeal in the performance of extremely difficult tasks as to set it apart from and above other units with similar missions. The outstanding ability and tireless effort exhibited by the personnel of this company reflect great credit on themselves and the military service of the United States. (*General Orders 397, Headquarters, Eighth United States Army, Korea, 25 July 1952.*)

2. The *Headquarters and Headquarters Detachment, 4th Chemical Smoke Generator Battalion*, is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 January to 31 July 1952. This small detachment successfully overcame tremendous obstacles to carry out difficult missions normally requiring the services of a full headquarters company. Because of the involved tactical situation, the battalion was divided into separate units which were located at diversified points. As a result of the widespread area over which the battalion operated, the detachment was faced with seemingly insurmountable administrative problems. Undaunted by the complexity of the situation, the members of this detachment performed their duties with the utmost enthusiasm and resourcefulness, earning for themselves a reputation for unwavering efficiency worthy of the closest emulation. The *Headquarters and Headquarters Detachment, 4th Chemical Smoke Generator Battalion*, displayed such laudable effectiveness in accomplishing its mission under the most adverse conditions as to set it apart from and above other units having similar missions. The exceptional administrative skill, assiduity, and tireless devotion to duty exhibited by the members of this detachment reflect great credit on themselves and the military service of the United

States. (*General Orders 503, Headquarters, Eighth United States Army, Korea, 30 August 1952.*)

3. The *21st Transportation Car Company* (second award) is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 February 1951 to 30 April 1952. Responsible for providing all vehicular passenger transportation for both the main and advance headquarters, Eighth United States Army, Korea, this company consistently carried out its duties in a manner which earned for its members the highest praise from all those having knowledge of their fine work. With the establishment of the Munsan-ni Base Camp, United Nations Command Advance, the *21st Transportation Car Company*, in addition to its other duties, was selected to meet all transportation requirements of the camp, and again demonstrated its dependability by carrying out its newly assigned task in an exemplary manner. Often operating where facilities for the proper maintenance and repair of motor vehicles were either inadequate or completely lacking, the company showed admirable ingenuity and resourcefulness in improvising workable parts and equipment from makeshift, indigenous materials. As a result of its efforts, all transportation needs of the organizations which it served were met with efficiency and promptness, a factor which materially furthered the cause of the United Nations in Korea. The *21st Transportation Car Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units having a similar mission. The singleness of purpose, esprit de corps, and outstanding ability displayed by the members of this company reflect great credit on themselves and the military service of the United States. (*General Orders 503, Headquarters, Eighth United States Army, Korea, 30 August 1952.*)

4. The *49th Transportation Truck Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 25 January 1951 to 31 July 1952. Charged with the mission of furnishing tactical and logistical support to three United States Army corps engaged in active conflict with the enemy, the members of this company, through their outstanding technical skill and high standard of efficiency, consistently performed their exacting tasks in a manner which elicited the highest praise from all those cognizant of their fine work. Operating under adverse weather conditions and over hazardous terrain, the *49th Transportation Truck Company* overcame seemingly insurmountable obstacles to transport over one-half million cargo tons and nearly one hundred thousand troops to locations where they were critically needed. In February 1951, the company was used as a tactical decoy in a movement designed to deceive the enemy by causing them to believe that large numbers of additional friendly forces were being brought into battle. The successful execution of this intricate maneuver materially aided the progress of the United Nations offensive. The *49th Transportation Truck Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The singleness of purpose, ingenious utilization of existing facilities, and esprit de corps exhibited by the personnel of this company reflect great credit on themselves and the military service of the United States. (*General Orders 546, Headquarters, Eighth United States Army, Korea, 15 September 1952.*)

5. The *62d Engineer Topographic Company (Corps)* (second award) is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 21 February to 31 August 1952. Charged with creating and reproducing mosaics, photographs, multicolor maps, and similar essential items, this company consistently performed its difficult mission in an exemplary manner. Displaying outstanding technical ability and a high standard of excellence, its members successfully completed over 600 high priority projects and made over 4 million lithographic impressions. The survey platoon of the company performed services of incalculable value by surveying the Armistice Conference site at Panmunjom, the Incheon Harbor navigation channel, and other areas of great strategic importance. The company's precision equipment was kept in excellent operating condition at all times despite constant use, a shortage of spare parts, and a lack of adequate repair facilities. The *62d Engineer Topographic Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The unwavering determination of purpose, esprit de corps, and matchless confidence when faced by difficult problems displayed by the members of this company materially furthered the cause of the United Nations in Korea and reflect great credit on themselves and the military service of the United States. (*General Orders 595, Headquarters, Eighth United States Army, Korea, 3 October 1952.*)

6. The *68th Chemical Smoke Generator Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 January to 30 June 1952. Responsible for providing passive air defense for the port of Pusan and surrounding installations, this company carried out its mission in a superior manner while simultaneously providing direct support for front-line combat units. Displaying ingenuity, outstanding ability, and constant determination of purpose, its members successfully accomplished missions normally performed by units of more than twice the company's size. The technical skill and high standard of efficiency displayed by this company earned it the respect and admiration of all those having knowledge of its fine work and materially furthered the cause of the United Nations in Korea. The *68th Chemical Smoke Generator Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units having similar missions. The dependability, esprit de corps, and skilled and enthusiastic approach to seemingly insolvable problems displayed by the members of this company reflect great credit on themselves and the military service of the United States. (*General Orders 546, Headquarters, Eighth United States Army, Korea, 15 September 1952.*)

7. The *74th Engineer Combat Battalion* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 December 1951 to 30 June 1952. Constantly operating understrength, this battalion carried out a variety of difficult assignments, the successful completion of which materially furthered the cause of the United Nations in Korea. Working over rugged, mountainous terrain under extremely adverse weather conditions, the battalion constructed, maintained, and repaired many miles of essential supply routes leading to the most forward installations. Simultaneously its members expeditiously completed many additional projects, including the construction of 7 semipermanent bridges and more than 300 culverts. Although it experienced a 60 percent turnover in personnel,

the battalion was able to maintain its enviable high standard of efficiency by establishing a continuous and thorough on-the-job training program. As a result of the diligence, unusual technical skill, and ability to overcome formidable obstacles which characterized the service of this battalion, highway transportation facilities were greatly expanded and front-line United Nations combat groups were able to receive maximum logistical support. The *74th Engineer Combat Battalion* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The vigorous determination, self-assurance, and outstanding engineering ability displayed by the members of this battalion reflect great credit on themselves and the military service of the United States. (*General Orders 657, Headquarters, Eighth United States Army, Korea, 29 October 1952.*)

8. The *92d Chemical Service Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 January to 30 June 1952. Responsible for the operation of a chemical depot, complete with maintenance section, depot section, and field laboratory in direct support of I Corps and units in the Seoul area, the members of this company consistently carried out their multifarious duties in a manner which elicited the highest possible praise from all those cognizant of their fine work. In addition, subsequent developments necessitated the establishment of numerous branch depots, which were operated with the same high standard of efficiency that had become the trade-mark of the parent unit. Through the diligent application of their wide variety of skills and their constant and uncompromising devotion to duty, the members of this company were able to solve problems seeming to offer no solution. Despite the unprecedented magnitude of this company's task, which eventually included the supply of all class II, IV, and V chemical supplies to the entire Korean front, each mission was met by its personnel with the utmost enthusiasm and resourcefulness and carried out with a promptness and precision that earned them a reputation for unvarying excellence, which is worthy of the closest emulation in all future campaigns. The *92d Chemical Service Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with a similar mission. The outstanding technical skill, ingenious utilization of available facilities, and esprit de corps exhibited by the members of this company reflect great credit on themselves and the military service of the United States. (*General Orders 397, Headquarters, Eighth United States Army, Korea, 25 July 1952.*)

9. The *401st Chemical Technical Service Intelligence Detachment* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 22 March to 27 September 1952. By interrogating prisoners of war, studying captured material, and translating captured documents, this detachment collected vital intelligence information pertaining to chemical, biological, and radiological warfare. Through the skilled evaluation and collation of technical evidence, its members obtained and disseminated valuable information pertaining to the enemy's training, equipment, and capabilities for defense and offense. Although it was already operating over an area much larger than that expected of a unit of its size, the detachment assisted in training United Nations personnel in chemical, biological, and radiological defense while carrying out its normal duties in a superior manner. Displaying determination, outstanding technical skill, and a willingness

to assume additional responsibilities, the members of this detachment earned the respect and admiration of all those having knowledge of their work and materially furthered the cause of the United Nations in Korea. The *401st Chemical Technical Service Intelligence Detachment* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The outstanding ability, esprit de corps, and constant resourcefulness exhibited by the members of this detachment reflect great credit on themselves and the military service of the United States. (*General Orders 595, Headquarters, Eighth United States Army, Korea, 3 October 1952.*)

10. The *430th Engineer Construction Battalion* (second award) is cited for meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 15 January to 15 July 1952. Charged first with reconstructing and maintaining the highway supply routes for the X United States Army Corps and its attached units, the battalion accomplished this mission in an exemplary manner despite exceedingly adverse weather conditions and a severe loss of key personnel. Working in subzero temperatures, its members constructed bridges at key points and widened and improved miles of roadway, thereby greatly increasing the combat efficiency of the units supported by the battalion. Later, this battalion was assigned the mission of erecting, rebuilding, and strengthening prisoner of war compounds and inclosures. Again displaying exceptional technical skill and exploiting every facility at their command, the members of this battalion allowed no obstacles to stand in the way of the successful accomplishment of their mission. The outstanding engineering ability, matchless confidence when faced by seemingly insurmountable obstacles, and determination of purpose shown by this battalion earned it the deep respect and admiration of the units which it served and materially furthered the cause of the United Nations in Korea. The *430th Engineer Construction Battalion* consistently displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The ingenuity, esprit de corps, and high standard of excellence exhibited by the members of this battalion reflect great credit on themselves and the military service of the United States. (*General Orders 512, Headquarters, Eighth United States Army, Korea, 3 September 1952.*)

11. The *521st Signal Base Depot Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 January to 31 July 1952. Responsible for providing logistical signal support for United Nations forces in Korea, this company consistently carried out its difficult assignment in an outstanding manner. By completely modifying existing supply procedures to conform to the increasing requirements of front-line units, the company was able to more than double the speed with which it resupplied the organizations that it served. In a period of great expansion, the company relocated tens of thousands of pieces of signal equipment while simultaneously performing its normal duties with undiminished efficiency. In addition, the company provided invaluable services to the Republic of Korea Army by determining the signal requirements of newly activated units and aiding in the establishment of an effective signal supply system. The technical skill and tireless efforts of the members of this company insured a continued flow of essential communications material to front-line units

and significantly furthered the cause of the United Nations in Korea. The *521st Signal Base Depot Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The outstanding ability, esprit de corps, and constant determination of purpose displayed by the members of this company reflect great credit on themselves and the military service of the United States. (*General Orders 657, Headquarters, Eighth United States Army, Korea, 29 October 1952.*)

12. The *Signal Service Battalion (VHF), 8189th Army Unit*, is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 June 1951 to 31 May 1952. Charged with providing radiotelephone communications between Headquarters, Eighth United States Army, Korea, and major subordinate commands, this battalion consistently carried out its unprecedented duties in an exemplary manner. Because the battalion could accomplish its mission with maximum effectiveness only by locating its stations on the highest land features available, its members established and operated relay stations on the top of almost inaccessible mountains, even though this required hand carrying all equipment and supplies to each location. As the only unit of its kind, this battalion established new precedents and, by ingeniously increasing the scope and range of its equipment, greatly changed the concept of very high frequency communications. In addition, although already operating understrength, it supervised the installation of operation of the very high frequency communications system of the Republic of Korea Army, which has proved highly effective. As a result of the initiative, outstanding technical skill, and high standard of excellence displayed by the *Signal Service Battalion (VHF), 8189th Army Unit*, a superior communications system was maintained and valuable knowledge pertaining to the potentialities of very high frequency radiotelephone communications was obtained. The resourcefulness, esprit de corps, and unstinting devotion to duty exhibited by the members of this battalion materially furthered the cause of the United Nations in Korea and reflect great credit on themselves and the military service of the United States. (*General Orders 512, Headquarters, Eighth United States Army, Korea, 3 September 1952.*)

II. DISTINGUISHED UNIT CITATION.—1. Paragraph 3, section I, DA General Orders 49, 1951, pertaining to the *35th Infantry Regiment* (less Heavy Tank Company), *25th Infantry Division*, and attached units is amended to include the *1st Battalion, 29th Infantry Regiment*; and so much as reads "*35th Infantry Regiment* (less Heavy Tank Company), *25th Infantry Division*," is amended to read "*35th Infantry Regiment* (less 3d Battalion and Heavy Tank Company), *25th Infantry Division*."

2. Paragraph 2, section II, DA General Orders 88, 1952, pertaining to the *3d Platoon, Heavy Mortar Company, 7th Infantry Division*, is rescinded.

No. 105

DEPARTMENT OF THE ARMY
WASHINGTON 25, D. C., 26 November 1952

DISTINGUISHED UNIT CITATION.—As authorized by Executive Order 9396 (sec. I, WD Bul. 22, 1943), superseding Executive Order 9075 (sec. III, WD Bul. 11, 1942), citation of the following units in the general orders indicated is confirmed in accordance with AR 220-315 in the name of the President of the United States as public evidence of deserved honor and distinction. The citation reads as follows:

The *2d Battalion, 7th Infantry*, and the *2d Battalion, 15th Infantry, 3d Infantry Division*, and the following attached units:

1st Platoon, Tank Company, 7th Infantry;
3d Platoon, Tank Company, 7th Infantry;
2d Platoon, Heavy Mortar Company, 7th Infantry;
Intelligence and Reconnaissance Platoon, 7th Infantry;
Battle Patrol, Headquarters and Headquarters Company, 7th Infantry;
Counterfire Platoon, Headquarters and Headquarters Company, 7th Infantry;
2d Medical Platoon, Medical Company, 7th Infantry;
2d Litter Section, Medical Company, 7th Infantry;
2d Ambulance Section, Medical Company, 7th Infantry;
2d Wire Team, Communications Platoon, Headquarters and Headquarters Company, 15th Infantry;
2d Platoon, Heavy Mortar Company, 15th Infantry;
Antitank Mine Platoon, 15th Infantry;
Liaison Section 2, Headquarters and Headquarters Battery, 10th Field Artillery Battalion;
Forward Observation teams 35, 36, and 37, Battery B, 10th Field Artillery Battalion;
Liaison Section 2, Headquarters and Headquarters Battery, 39th Field Artillery Battalion;
Forward Observation Teams 35, 36, and 37, Battery B, 39th Field Artillery Battalion,

are cited for outstanding performance of duty and extraordinary heroism in action against the enemy in the vicinity of Kowang-ni, Korea, during the period 23 to 25 November 1951. On 23 November, the *2d Battalion, 7th Infantry*, moved into defensive positions on a hill which was of vital importance to the cease-fire talks then in progress. Soon after assuming responsibility for this sector, the battalion was subjected to a heavy barrage of mortar and artillery fire as a prelude to a full-scale enemy attack. Shortly thereafter, an estimated two regiments of the enemy were observed moving fanatically through their own supporting fire in an assault against the friendly positions. Wave after wave of the hostile troops came charging up the slope, only to be beaten back by the heavy fire poured into their ranks by the friendly force. The enemy, determined to take their objective at all costs, concentrated five battalions at one sector of the defense line and, under this tremendous pressure, one of the friendly companies was forced to execute a limited withdrawal to save itself from total annihilation. Although masses of the enemy were hurling themselves at the entire friendly line, the defenders, fighting fiercely against heavy odds, held them back except for this single penetration. The *2d Battalion, 15th Infantry*, was immediately ordered to move forward and block the hostile troops attempting to push through the gap in the defense line. Upon reaching the area, one company immediately launched a spirited counterattack. Despite the heavy

fire pouring down on them from all sides, the friendly troops pushed the enemy back steadily until the heavy casualties inflicted on them by the numerically superior hostile force made it necessary for them to halt their advance and occupy defensive positions on a newly won ridge. Another friendly company quickly moved through these positions and continued the attack until the enemy was repulsed and the breach in the friendly defense was closed. At this point, a fresh assault company advanced through the other two, who were in the process of consolidating their positions, and drove the enemy completely from the area with heavy casualties. The hostile force immediately launched a fierce counterattack but the friendly troops, exhibiting a matchless fighting spirit, repulsed the enemy repeatedly. Finally, seriously weakened by the tremendous casualties they had suffered, the hostile troops retreated, completely frustrated in their attempt to force the friendly troops from the strategic hill. In this action, approximately 2,000 of the enemy were killed, approximately 3,000 wounded, and 8 taken prisoner. The *2d Battalion, 7th Infantry*, and the *2d Battalion, 15th Infantry, 3d Infantry Division*, and attached units displayed such superlative effectiveness in accomplishing their mission under extremely difficult and hazardous conditions as to set them apart and above other units participating in the action. The extraordinary heroism, singleness of purpose, and esprit de corps exhibited by the members of these units reflect great credit on themselves and are in keeping with the most esteemed traditions of the military service. I. DISTINGUISHED-SERVICE CROSS.—By direction of the President, under the act of Congress approved 9 July 1918 (WD Bul. 43, 1918), the Distinguished-Service Cross for extraordinary heroism in action against an enemy is awarded posthumously to the following-named enlisted man:

Private First Class *Reginald D. Smith* (Service No. US55024532), Infantry, United States Army, a member of Company K, 8th Cavalry Regiment, 1st Cavalry Division, distinguished himself by extraordinary heroism in action near Onnamu-Go, Korea, on 8 October 1951. When his platoon came under withering cross-fire from strongly fortified positions, he moved boldly forward, hurled grenades into an enemy emplacement, and wiped out a machine-gun crew, thereby enabling his unit to move forward. While nearing a second bunker, the valiant group was pinned down by intense enemy fire. Private *Smith* crept up the fire-swept hill, lobbed two grenades with deadly accuracy, and poured rifle fire into the position, killing all occupants. Although painfully wounded by a mortar burst, he continued forward until hostile fire reached such intensity that his unit was ordered to move back. He voluntarily remained in position, covering the retrograde movement. As he withdrew, he observed his platoon leader wounded and unable to move. He promptly administered first aid and began the slow, tortuous evacuation, crawling toward friendly lines. During this action, both men were mortally wounded by mortar fire. Private *Smith's* inspirational actions, gallant self-sacrifice, and consummate devotion to duty reflect the highest credit on himself and the military service.

II. DISTINGUISHED-SERVICE MEDAL.—By direction of the President, under the act of Congress approved 9 July 1918 (WD Bul. 43, 1918), the Distinguished-Service Medal (first Oak-Leaf Cluster) for exceptionally meritorious and distinguished service in a position of great responsibility during the period indicated is awarded to the following-named officer:

Lieutenant General *Williston B. Palmer*, 012246, United States Army. 5 December 1951 to 15 August 1952.

III. SILVER STAR.—By direction of the President, under the act of Congress approved 9 July 1918 (WD Bul. 43, 1918), the Silver Star for gallantry in action during the periods indicated is awarded to the following-named officers and enlisted man:

Major *Jean Joseph Coppier*, Air Force, French Army, distinguished himself by exceptionally meritorious service and gallantry in France from January to November 1944. With utter disregard for his personal safety during military and clandestine operations against the enemy, he organized and operated an intelligence network in occupied territory. Through his indomitable energy and inspired leadership he succeeded in securing and transmitting valuable information which contributed greatly to the success of Allied operations against hostile forces. Major *Coppier's* initiative, courage, and devotion to duty reflect great credit on himself and the military service.

Corporal *Theodore R. Hinterschied* (Service No. 52054432) (then private), Infantry, United States Army, a member of Company C, 23d Infantry Regiment, 2d Infantry Division, distinguished himself by gallantry in action against an armed enemy of the United Nations near Pia-ri, Korea, on 15 and 16 September

1951. After a bitter conflict, repulsing fanatical enemy attacks, his platoon was ordered to withdraw and Corporal *Hinterschied* covered the movement, throwing grenades and pouring fire into the ranks of the enemy and engaging in hand-to-hand combat before he rejoined his unit. Resupplied with ammunition, the platoon assumed the offensive and forced the enemy to withdraw. Corporal *Hinterschied's* courageous actions and calm demeanor bolstered morale, contributed significantly to the safe withdrawal of the platoon, and reflect great credit on himself and the military service.

Brigadier General *Lee Chung Il*, 10037, Republic of Korea Army, while serving as Commanding General, 7th Republic of Korea Division, distinguished himself by gallantry in action against the enemy near Palmal, Korea, on 23 September 1951. When, during an assault on Hill 1142, the attacking elements of his division were halted, General *Lee* proceeded to the regimental observation post despite enemy mortar fire falling into the area. Upon his arrival, he personally took charge of the operation and remained with the forward elements with complete disregard for his safety. His enthusiasm and aggressive direction of the operation and his coolness under enemy fire, which caused heavy casualties in the immediate area, inspired his leaders to renew their efforts to accomplish their mission. The gallantry displayed by General *Lee* is in keeping with the highest traditions of the military service and reflects great credit on himself and the Republic of Korea Army.

Lieutenant Colonel *Jaime Polonia-Puyo*, 0001, Colombian Army, distinguished himself by gallantry in action near Kumsong, Korea, on 20 October 1951. As commanding officer of the Colombian Battalion attached to the 21st Infantry Regiment of the 24th United States Infantry Division, he established an observation post well forward in order to observe an assault which was being launched by his battalion on a well-fortified enemy position. Having gained important information about the enemy and his runner having been wounded while attempting to return with the information to his command post, Colonel *Polonia-Puyo* returned over the dangerous route and was seriously wounded while doing so, but refused to be evacuated until he had insured that proper measures had been taken to meet the obstacles confronting his battalion.

IV.—LEGION OF MERIT.—By direction of the President, under the act of Congress approved 20 July 1942 (sec. III, WD Bul. 40, 1942) and Executive Order 9260, 29 October 1942 (sec. DISTINGUISHED UNIT CITATION—Citation of units----- Section I
MERITORIOUS UNIT COMMENDATION—Awards----- II

I. DISTINGUISHED UNIT CITATION.—As authorized by Executive Order 9896 (sec. I, WD Bul. 22, 1943), superseding Executive Order 9075 (sec. III, WD Bul. 11, 1942), citation of the following units in the general orders indicated is confirmed in accordance with AR 220-315 in the name of the President of the United States as public evidence of deserved honor and distinction. The citations read as follows:

1. The *Colombian Battalion* is cited for outstanding performance of duty and extraordinary heroism in action against the enemy in the vicinity of Sonbyok, Korea, during the period 12 October to 22 October 1951. On 12 October, assaulting elements of the battalion, supported by friendly artillery, moved forward in an attack against known enemy strong points. The foe, disregarding the staggering losses which such an action would inflict upon them, sent large bodies of troops through the artillery fire to meet the friendly battalion and engage it in a bitter firefight. As wave after wave of the enemy continued to charge forward, it became evident that the numerically superior foe might completely smother the small friendly force. Consequently, the battalion disengaged and established a defense line which successfully smashed repeated suicidal hostile attacks. The following day, friendly patrols encountered a large hostile force and the battalion immediately launched a determined assault. So fierce was the friendly attack that the numerically superior hostile force was driven back until the battalion had secured several objectives of vital tactical importance. Forming a new defense line, the friendly troops beat off continuous counterattacks despite repeated enemy mortar barrages of merciless intensity. With an adamant line of resistance established, the battalion engaged in a bitter struggle to take several thousand yards of some of the most fiercely contested territory to be sought in the Korean conflict. For several days and nights the battle flared in sporadic bursts, with first the determined friendly battalion and then the numerically superior foe pressing the attack. At last the enemy, apparently disheartened by the unwavering singleness of purpose with which the small band of friendly infantrymen pursued their objective, began to waver. As the battalion moved forward with relentless determination, the hostile troops retreated in disorder and the area was secured. The *Colombian Battalion* displayed such matchless courage and outstanding aggressiveness in accomplishing its hazardous mission as to set it apart from and above other units participating in similar actions. The extraordinary heroism, remarkable combat effectiveness, and esprit de corps exhibited by the members of this battalion reflect great credit on themselves and are in keeping with the most esteemed traditions of the military profession. (*General Orders 618, Headquarters, Eighth United States Army, Korea, 15 October 1952.*)

2. The *Kagneu Battalion, Imperial Ethiopian Expeditionary Force to Korea*, is cited for outstanding performance of duty and extraordinary heroism in action against the enemy in the vicinity of Sam-hyon, Korea, during the period 16 September to 22 September 1951. Throughout the day and night of 16 September, the battalion, occupying defensive positions in close proximity to a large hostile force, dispatched a series of probing patrols in an effort to gather information as to the disposition of the enemy. Several contacts were made and, in each

instance, the enemy engaged were either killed or wounded. Finally an enemy force was observed preparing positions on the slope of a commanding terrain feature, and the battalion immediately sent two reinforced squads to assault the hill. Fighting with great determination, the friendly troops battled their way up the slope and drove the enemy from their positions with heavy casualties. With the objective secured, observers, utilizing their new vantage point, discovered feverish enemy activity on adjacent slopes and called for an air strike and artillery and mortar fire. After the initial bombardment, assaulting elements of the battalion hit the positions in a whirlwind attack, engaged the foe in hand-to-hand combat, and inflicted exceptionally heavy casualties upon the enemy. Maneuvering with singular skill, the members of the battalion hit the hostile line at its weakest segment, hammered repeatedly until a breach was effected, and poured into the enemy entrenchments. As the foe fell back, confused and demoralized by the swiftness of the assault, the friendly troops secured the strategic area. *The Kagneu Battalion, Imperial Ethiopian Expeditionary Force to Korea*, displayed such superlative effectiveness in accomplishing its mission as to set it apart from and above other units participating in the action. The extraordinary heroism, determination of purpose, and magnificent fighting spirit of the members of this battalion reflect great credit on themselves and are in keeping with the most esteemed traditions of the military profession. (*General Orders 619, Headquarters, Eighth United States Army, Korea, 15 October 1952.*)

II. MERITORIOUS UNIT COMMENDATION.—By direction of the Secretary of the Army, under AR 220-315, the Meritorious Unit Commendation is awarded to the following units of the United States Army and the Republic of Korea Army for exceptionally meritorious conduct in the performance of outstanding service during the periods indicated. The citations read as follows:

1. *The 1st Company, 101st Engineer Combat Battalion, 1103d Engineer Combat Group, Republic of Korea Army*, is cited for exceptionally meritorious conduct in the performance of outstanding services in the support of combat operations in Korea during the period 15 August 1951 to 19 February 1952. This company was charged with the supervision of over 8,000 unskilled civilian laborers employed in widening, ditching, repairing, and resurfacing the main supply road from Hamchang to Chungju, from Chungju to Changhowon-ni, and from Chungju to Mokkedong, Korea, a total distance of approximately 100 miles. Despite the myriad, seemingly insurmountable obstacles caused by an acute shortage of modern equipment and a rapid turn-over of civilian personnel, which necessitated the constant training and supervision of unskilled workers, this company consistently carried out its duties in an exemplary manner. Utilizing, with the utmost ingenuity, indigenous tools and improvised material handling devices, the company made countless fills, constructed an entire new system of drainage ditches, and built, repaired, or extended hundreds of culverts. Much of the construction was carried out through solid rock in extremely mountainous terrain, necessitating continuous blasting and drilling. Operating with a bare minimum of equipment, the company demonstrated great ingenuity and resourcefulness in handling explosives and in removing the materials resulting from such excavations. Hampered by the necessity for guarding constantly against attacks by guerrillas, the members of this company nevertheless displayed a selfless devotion to duty in carrying out their assigned tasks. No obstacles were allowed to stand in the way of the successful accomplishment of their mission. As a

TAGO 1930B

result of the great technical skill, high standard of excellence, and ingenious application of available facilities demonstrated by this company, the main supply road was transformed from a narrow, winding, often impassable trail into an all-weather, two-lane military road of great strategic value. The resourcefulness in the face of critical shortages, determination of purpose, and singular ability to surmount the most formidable obstacles displayed by this company proved a significant contribution to the cause of the United Nations in its struggle for peace and freedom in Korea. The *1st Company, 101st Engineer Combat Battalion, 1103d Engineer Combat Group, Republic of Korea Army*, displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The determination, esprit de corps, and undeviating devotion to duty exhibited by the members of this company reflect great credit on themselves and the military service of the Republic of Korea. (*General Orders 494, Headquarters, Eighth United States Army, Korea, 27 August 1952.*)

2. The *11th Evacuation Hospital (Semimobile)* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 2 May 1951 to 1 June 1952. Throughout this important phase of hostilities, the *11th Evacuation Hospital (Semimobile)* operated with unmatched efficiency under the most extreme difficulties, maintaining an enviably high standard of medical and surgical service to combat troops and to units located in its zone of operation. Displaying resourcefulness, outstanding ability, and tireless devotion to duty, the members of this hospital handled vast numbers of patients while simultaneously constructing their own housing with tentage and prefabricated buildings. Of the 17,000 patients cared for by the hospital, approximately 55 percent returned to duty, and the mortality rate remained less than 1 percent. The superior skill of the hospital's personnel earned them the respect and admiration of all those having knowledge of their outstanding work and materially furthered the cause of the United Nations in Korea. The *11th Evacuation Hospital (Semimobile)* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The teamwork, esprit de corps, and steadfast determination of purpose displayed by the members of this hospital reflect great credit on themselves and the military service of the United States. (*General Orders 604, Headquarters, Eighth United States Army, Korea, 6 October 1952.*)

3. The *13th Engineer Combat Battalion (second award)* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 September 1951 to 29 February 1952. During the United Nations Command's second winter campaign, this unit operated in temperatures consistently below zero over the roughest type of terrain but, despite these difficulties, the support which it rendered to combat units was of such unvarying excellence that it earned a reputation for efficiency which is unsurpassed. The construction of both roads and tramways to mountain top positions permitted the uninterrupted flow of supplies to front line units, and the building of tank and self-propelled gun emplacements on commanding terrain greatly enhanced the tactical position of the United Nations troops. The numerous other engineering feats performed by the members of this battalion consistently elicited the highest possible praise from the support troops who were constantly inspired by the enthusiasm and self-assur-

ance with which seemingly insurmountable obstacles were approached by the members of this unit. The *13th Engineer Combat Battalion* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The outstanding technical proficiency, esprit de corps, and tireless devotion to duty exhibited by the members of this battalion reflect great credit on themselves and the military service of the United States. (*General Orders 467, Headquarters, Eighth United States Army, Korea, 16 August 1952.*)

4. The *55th Military Police Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 24 November 1950 to 30 September 1952. Shortly after this company's arrival in Korea, the division to which it was attached was encircled by the enemy. The company played an important part in the division's subsequent break-through and withdrawal by acting as a traffic regulating group to insure the uninterrupted movement of essential vehicular traffic. Later, the company patrolled and supervised the flow of traffic in two large cities. At this time the members of the company, maintaining constant vigilance, recovered and returned to proper supply channels well over 1 million dollars' worth of Government property. The *55th Military Police Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other companies with similar missions. The esprit de corps and determination of purpose exhibited by the members of this company reflect great credit on themselves and the military service of the United States. (*General Orders 684, Headquarters, Eighth United States Army, Korea, 9 November 1952.*)

5. The *106th Ordnance Heavy Maintenance Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 July 1951 to 31 July 1952. Assigned the mission of processing and repairing combat vehicles and artillery and performing higher echelon maintenance on small-arms and fire-control instruments, this company consistently carried out its exacting duties in an exemplary manner. Despite adverse working conditions, the company's highly trained personnel exploited every potential to the utmost to insure the expeditious and continuous flow of essential arms and equipment to combat troops. Exercising ingenuity and resourcefulness, the company made adaptations which increased the fire power of mechanized equipment and manufactured essential parts despite a lack of facilities and a shortage of materials. In addition, its members processed tens of thousands of small arms, combat vehicles, and artillery pieces, constructed buildings and inclosures, and performed services which were far beyond the scope of their normal duties. The *106th Ordnance Heavy Maintenance Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The outstanding technical proficiency, willingness to assume additional responsibilities, and steadfast determination of purpose displayed by the members of this company materially furthered the cause of the United Nations in Korea and reflect great credit on themselves and the military service of the United States. (*General Orders 604, Headquarters, Eighth United States Army, Korea, 6 October 1952.*)

6. The *131st Transportation Truck Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat

operations in Korea during the period 1 January to 30 June 1952. Charged with the mission of furnishing logistical support to two divisions and one corps, plus elements of other United Nations forces, this company, operating over treacherous mountain terrain under the most extreme weather conditions, consistently carried out its exacting duties in a superior manner. During this period, the members of the company transported thousands of tons of vitally needed supplies and equipment and over 10,000 troops a total distance of more than one-half million miles. Most notable of the troop movements in which the company played a vital part was an operation in which two complete divisions exchange their front-line positions. This operation involved hauling troops and supplies over miles of hazardous terrain, and was carried out with great success despite formidable obstacles. The *131st Transportation Truck Company* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The resourceful utilization of existing facilities, esprit de corps, and high standard of efficiency exhibited by the members of this company materially furthered the cause of the United Nations in Korea and reflect great credit on themselves and the military service of the United States. (*General Orders 552, Headquarters, Eighth United States Army, Korea, 16 September 1952.*)

7. The *207th Preventive Medicine Survey Detachment* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 September 1951 to 31 August 1952. Throughout this period, this detachment successfully completed assignments which normally would have required the services of at least three such organizations. Traveling thousands of miles throughout the combat zone, the members of the detachment collected specimens which contributed materially to the success of the United Nations preventive medicine program. In a pioneer effort, the detachment's personnel searched out and collected the organisms responsible for hemorrhagic fever, even though they realized that they were coming into direct contact with the infectious materials of an often fatal disease for which there was no known cure. By streamlining its techniques, the detachment more than doubled the amount of material processed monthly by its laboratory. In addition, it performed many special missions, the successful completion of which required work of the most painstaking and skillful nature. The *207th Preventive Medicine Survey Detachment* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The outstanding ability and determination of purpose displayed by the members of this detachment reflect great credit on themselves and the military service of the United States. Responsible for coordinating and supervising transportation truck companies charged with rendering logistical support to three corps, this company consistently performed its intricate duties in an exemplary manner. Displaying the utmost resourcefulness, its members overcame formidable obstacles to keep the battalion's vehicles rolling and meet all operational commitments. The company played a vital part in a maneuver

TAGO 1930B

which necessitated the planning and supervision of more than 1,000 round trips for a total of over 1 million passenger miles and almost 88,000 ton miles in less than 2 weeks. The company's enviably high standard of efficiency earned for its members the unqualified praise of all those having knowledge of their superior performance and materially furthered the cause of the United Nations in Korea. *Headquarters and Headquarters Company, 231st Transportation Truck Battalion*, displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. The remarkable technical proficiency, esprit de corps, and steadfast determination of purpose exhibited by the members of this company reflect great credit on themselves and the military service of the United States. (*General Orders 670, Headquarters, Eighth United States Army, Korea, 2 November 1952.*)

9. The *329th Communication Reconnaissance Company (Intelligence)* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 6 December 1951 to 22 October 1952. Charged with a mission of extreme tactical importance, this company carried out its intricate assignment in an exemplary manner. When valuable technical equipment became inoperative because of adverse weather conditions in the field, the members of the company, displaying great resourcefulness, ingeniously developed workable expedients which made possible the equipment's continued successful employment. Handicapped by a critical shortage of specialist personnel, the company nevertheless performed its duties with such vigor that its mission was accomplished with maximum efficiency at all times. The company's high standard of excellence and ability to overcome seemingly insurmountable obstacles greatly enhanced the position of the United Nations Command as it pressed its battle for peace and freedom in Korea. The *329th Communication Reconnaissance Company (Intelligence)* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions. 10. The *504th Transportation Truck Company* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 March to 31 August 1952. Responsible for transporting troops and material in direct support of front-line United Nations units, this company consistently carried out its assignment in an exemplary manner despite formidable obstacles. Often required to drive for long periods of time over treacherous roads through guerilla-infested territory, the members of the company worked tirelessly to insure the expeditious transportation of critically needed supplies and personnel. Despite a shortage of trained technicians and lack of necessary parts, the company maintained its vehicles in a superior manner at all times. The company's constant resourcefulness and high standard of excellence earned for its members the respect of all those having knowledge of their superior performance. The *504th Transportation Truck Company* displayed such outstanding devotion to duty in the performance of difficult tasks as to set it apart from and above other units with similar missions. 11. The *519th Military Police Battalion* is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 November 1950 to 31 December 1951. Despite the most adverse conditions, this unit operated with maximum efficiency in carrying out its multifarious responsibilities and achieving its many assigned missions. This battalion successfully integrated Republic of Korea police with United Nations military police in many operations to supplement lacking trained personnel and to qualify local Korean authorities in the governing of the civilian population. Many of the methods devised by the battalion to improve operational efficiency of police units in the combat zone were adopted by other units throughout Korea. During the withdrawal from Pyongyang, this battalion was instrumental in effecting an orderly vehicular evacuation of the city and with guiding approximately 1 million refugees to the south. The members of this organization earned the highest praise for the hundreds of thousands of dollars worth of Government property they recovered, the exemplary manner in which they maintained both military and civilian security, and the noteworthy reduction which they effected in vehicle accident rates. The *519th Military Police Battalion* displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. 12. *Headquarters and Headquarters Company, 520th Signal Base Depot*, is cited for exceptionally meritorious conduct in the performance of outstanding services in support of combat operations in Korea during the period 1 January to 31 July 1952. Charged with providing signal equipment for all United Nations units in Korea, this company consistently carried out its assignment in an exemplary manner. With the tactical situation continually changing and the requirements of United Nations forces constantly increasing, the company expeditiously modified its supply procedures in order to resupply the units which it served in a minimum of time. Because of the rapidly developing tactical situation, it became necessary to expand facilities and to relocate thousands of signal items. Despite the magnitude of their tasks, the members of this company, through tireless effort and exceptional ingenuity, maintained an adequate and continuous flow of vitally needed supplies to combat units. *Headquarters and Headquarters Company, 520th Signal Base Depot*, displayed such outstanding devotion to duty in the performance of exceptionally difficult tasks as to set it apart from and above other units with similar missions.
